Bargersville, Indiana 46106

Re: Milto Cleaners Water Main Replacement
Re-Evaluation of Quotes

Dear Mr. Killinger and Town Council Members:

Updated quotes for the Milto Cleaners Water Main Replacement were received electronically by Andrew Gordon with Wessler Engineering the week of July 21st, 2025. All the previous quotes received prior to July 1st exceeded the \$150,000 limit for obtaining quotes for a public works project. Wessler’s previous recommendation was for the Town to publicly bid the project according to Indiana bidding laws.

However through PL 86-2025, Indiana Administrative Code was amended on July 1, 2025 that increased the limit for obtaining quotes for a public works project to \$300,000. Upon discussion with the Town’s attorney, Wessler obtained revised quotes with a date after July 1st from each respective contractor.

Three (3) quotes were received. A copy of the official Quote Tabulation is enclosed. The contractors which submitted quotes and their respective amounts are as follows:

<u>Contractor</u>	<u>Quote Price</u>
Miller Pipeline	\$199,010.05
Johnson’s Hauling & Excavating	\$212,075.77
Daystar Directional Drilling	\$242,822.32

The engineer’s estimate for the project was \$230,000.00. Two (2) quotes were below the engineer’s estimate and one (1) was above. The low quote was approximately 14% below the engineer’s estimate.

We have reviewed the quote package for the low quoter, Miller Pipeline, and the quote documents appear to be complete. Based on the evaluation of their experience and qualifications it appears that they should be capable and qualified to perform the work required.

If you have any questions or comments please feel free to contact me at (317) 788-4551.

More than a Project™

Sincerely,

WESSLER ENGINEERING
